Dear Senator Lincoln,

I would like to congratulate you on being named Chairman of the Senate Committee on Agriculture, Nutrition and Forestry. I am confident that your leadership and your commitment to agriculture and rural areas will benefit not only farmers, but to all Americans.

As a rural, non-profit, non-partisan, member-based organization with farmers, small business employees and self-employed members across the United States, including Arkansas, Communicating for America has appreciated the leadership you have provided on issues critical to rural Americans, including agriculture and health care. We look forward to continuing working together with you on these and other issues as we seek commonsense solutions to the challenges facing rural America.

Sincerely,

Wayne Nelson
CA President
